Thank you for choosing a **GT Blue Ribbon warranty**, now you can enjoy the peace of mind that comes with knowing you have just about everything covered even if the unforeseen does happen.

Aside from mechanical breakdown the one thing all motorcyclists fear is a puncture. Gone are the days of whipping the tyre off with two old spoons and sticking a patch on a tube. Life isn't like that any more so you'll be pleased to know that if you do get a puncture while in the UK your Roadside cover will get you and your bike home or to a repairer.

All GT Blue Ribbon warranties are valid for either 12 or 24 months and carry a single claim limit of £500 however there is **NO LIMIT** on the number of claims you can make.

You will be covered for parts and labour subject to certain exclusions as listed in the policy, however all major parts are covered including engine, gearbox, clutch, suspension and brakes etc. Remember this warranty is for **MECHANICAL** breakdown – if parts are damaged in an accident they will normally be covered by your **INSURANCE** policy.

All GT Blue Ribbon Warranties require your motorcycle to be serviced at the specified intervals to ensure the continued validity of the cover. Remember money spent on servicing is rarely wasted, as a full service history will add value to your bike when you come to sell it.

At GT we want you to get the maximum enjoyment from your motorcycle, we believe that our warranties offer great GT value and that the peace of mind you'll enjoy is beyond price.

Ask our sales staff for further details of our Blue Ribbon range of warranties and insurance.
